

Make Two Schedule overviews

1. What am I currently doing everyday [Current Schedule]
2. What I want, need to do everyday (which should be equal to what God wants me to do everyday). [Perfect Schedule]
3. If your "perfect Schedule is not God's Schedule, be honest and just separate out the two schedules and pray that each day you move towards God's schedule...and DO something about it other than wishing. Memorize Bible verses and act on them by walking in the Holy Spirit.

Look at the Two Schedules to evaluate your priorities and God's priorities

1. List your priorities in ORDER
2. Work towards THE MOST IMPORTANT THINGS IN YOUR life not the just the fires in your life, fiery darts, etc.
